### **DETAILED ACTION**

#### ***Election/Restrictions***

1. This application is in condition for allowance except for the presence of claims 13-24 to an invention non-elected without traverse. Accordingly, claims 13-24 have been cancelled.

#### ***Response to Amendment***

2. The amendment filed on 12/23/2004 has been entered and claims 1 and 3-5 have been cancelled.

### **EXAMINER'S AMENDMENT**

3. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Hae-Chan Park on 3/1/2005.

The application has been amended as follows:

In claim 12, line 1, "1" has been replaced with -- 9 -- and line 2, "layer" has been replaced with -- substrate --

#### ***Allowable Subject Matter***

4. Claims 9-12 are allowed.
5. The following is an examiner's statement of reasons for allowance: The prior art fails to disclose the device structure as recited in claims 9-12. Specifically, the combined references of record teach, inter alia, a TFT array substrate including a first insulating substrate, a TFT, a

conductive interface pad and an organic EL substrate including a second insulating substrate, a transparent electrode and a metal electrode. However, the references of record neither fairly suggest conductive pump pad formed on the conductive interface and contacting a portion of the metal electrode corresponding to a polymer bump by a bonding agent nor would it be obvious to modify the art of record so as to form the organic EL device as recited in the claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to A. Sefer whose telephone number is (571) 272-1921.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Nathan Flynn can be reached on (571) 272-1915.
